There are class action Settlements involving DRAM, a memory part that is sold by itself or as part of electronic devices such as computers, printers, and video game consoles.

The lawsuits claim that the Defendants fixed the price of DRAM causing individuals and businesses to pay more for DRAM and DRAM-containing devices. The Defendants deny that they did anything wrong.

Who is included in the Settlements?

Individuals and businesses that:

- Purchased DRAM or a device containing DRAM anywhere in the U.S. between 1998 and 2002,
- For their own use or for resale.

Purchases made directly from a DRAM manufacturer are not included (see the list of manufacturers at www.DRAMclaims.com or by calling 1-800-589-1425).

What do the Settlements provide?

The combined Settlements total \$310 million. The amount of money you will receive depends on the type and quantity of electronic devices you purchased and the total number of claims made.

Eligible individuals and businesses are expected to get a minimum \$10 payment and perhaps much more. Large purchasers could recover many thousands of dollars.

How can I get a payment?

Claim online or by mail by **August 1, 2014**. The simple online Claim Form only takes 3-5 minutes for most individuals.
